CONTINUATION OF REPORT

Brief Details.

At the above mention date time and location,

I was involved in an accident, I was driving along Eunos link and was on my way home. There was a car in front of me. The car in front of me jam brake thus causing me to jam brake too. I was not able to stop in time which lead to me colliding my front left side to her right rear side. When I was approaching the traffic light the traffic light was amber and the vehicle in front had already pass the white line and was close to the yellow box. I had thought that the driver in front of me was going to continue to drive as she had already passed the white line. But she didn't move on and jam her brakes. After the accident we both got down and took photo and talked pleasantly. I asked her if she was injured and she stated that she wasn't injured. We then parted ways pleasantly. I then called a tow truck to assist my vehicle as it cannot be driven.
