Brief Details.

On 22/2/2020 at about 1655 hours, I was driving (SGJ2209S) my family(4 passengers) to Blk 222 Simei Street 4 to visit my daughter who is staying there. Upon entry to the carpark gantry, I made a right turn immediately and stopped my vehicle to allow my family members to alight. However, there was a Lorry(GBC9207Y) who was behind us was continuously honking at us as we are obstructing his passage. Thus I moved my vehicle further up to allow the lorry to mover further forward. A 3rd car bearing registration plate SLF5781Y tried overtaking the lorry and my car by squeezing through the narrow road.

Even though there was ample space for SLF5781Y to squeeze through, he might have driven too close to my car. Hence his front right bumper side of the car collided with the left rear bumper of my car causing visible scratches. The driver of SLF5781Y ignored the collision thus I decided to go after him. I managed to stop SLF5781Y two blocks away from the incident location and told him about the collision. I initially wanted private settlement however the driver denied colliding with my vehicle. We argued and I decided to let the matter rest to not complicate things further as he was not being compliant.

We decided to let the matter rest thus we did not lodge any Traffic accident report as we feel that there is not a need to lodge any considering that there are no damage to government property, No injury to anyone. That is all

I did not managed to exchange particulars with the driver as I did not plan to claim anything from him due to the few scratches. None of my family members including myself are injured

I am lodging this traffic accident report as I have received a letter from Traffic Police(TP/IP/13311/2020) asking me to lodge one. That is all.
