The above mention vehicle was towed into our workshop on 16 March 2020 as a result of an accident.

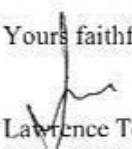

The damage to the vehicle have been noticed to be extensive and would be considered as beyond economical repair.

In view of the comparatively high cost that will be involved to have the vehicle repaired to its road worthiness and the safety aspect, we would recommend that this vehicle be written off as total loss.

Estimated cost of repair is about \$43,000.00/-

Your early reply and confirmation would be appreciated.

Yours faithfully,
