MCE TUNNEL AYE

DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

In the tunnel, I was travelling between 70-80km/h on the third lane. Traffic on all lanes were smoothly moving, and at the speed that I was going, I was moving at the same speed as traffic on other lanes. However, there was a truck that was not travelling at the same speed but moving at a slower speed at probably 60km/h I think. If I am not wrong both our vehicles collided at the same time because of filtering. Because of the different speeds at the same time that resulted in a collision. I believe that because the other vehicle was not travelling at the same speed as the traffic flow, thus the collision happened.

DECLARATION

I/We declare the foregoing particulars are true in every respect.
