Brief details.

On mentioned date & time I was driving along SLE in a direction towards CTE. The traffic flow was heavy and I was in the extreme LH lane. I checked my side mirror and there is enough space/gap for me change lane. I "ON" signal light and checked again before changing lane. I changed lane and already into the second lane from LH side. At this juncture vehicle "B" crashed against my vehicle. The impact to my car was on the RH mid section. After the collision we inspected our vehicles and took some pictures before leaving the scene. Later in the afternoon I felt discomfort and went to seek medical treatment. I was given 3 days medical leave.
