Hi Bryan,

Insured driver reported no collision. He disputed no damage to third party vehicle and he confirm did not collide with Third party vehicle.

Whereas Third party reported that Insured driver collided into his vehicle and that caused him to hit the road kerb. Third party got submit videos (as attached).

Based on the said videos, we noted that third party swerved to the left and hit the road kerb and Insured driver had encroach into third party lane.

According to our surveyor-Kenneth, no damages found to Third party vehicle during inspection (27/4/2020) and so far no re-survey done.

As such, we intend to propose to Lonpac to reject Third party claim.

Please advice.

Thank you.

Best Regards,
