Brief details.					

I was on my way home driving the company van. the incident happened when I attempted to turn right into the HDB Car park 686 from Choa Chu Kang Crescent. Before I turned right, I was concentrated on the vehicles approaching from the opposite in the distance. After observing a motorcycle with a headlight on in the distance turned right into HDB 670. I then made a right turn to the car park 686. When I almost left Choa Chu Kang Crescent and entered the HDB area, I suddenly heard a big bang and realised something hit my van on the left side. I was shocked and immediately stopped turning on the warning light before getting off to check the situation. I saw a motorcycle rider lying in the middle of the road.

CONTINUATION OF REPORT

Report No. J/20200502/7010

Some plastic parts of his motorcycle were damaged. Both the front door and sliding door on the left side of my van were badly dented. I quickly approached the motorcycle rider and check whether he was okay. I noticed that his face were injured and swollen, so I immediately called 995 for an ambulance. I was then waiting at the scene for the traffic police officer.

I would like to explain that I got a cut on my right hand that afternoon during work and lost a lot of blood. I felt a bit dizzy on my way driving home. After the collision I realised that I missed this motorcycle approaching from the opposite following the one mentioned above.
