Brief Details.

On the 28/6/2020 at 0900 hrs, I parked my car, namely SKK7519L, at the above mentioned location to buy groceries with my wife. When I returned to my car at 0915 hrs, I noticed that there were multiple dents and scratches to the right front of my car, with the right headlight also sustaining damages. I then found a note left on my windshield, in which the contents stated that he is a witness and that he had seen a collision occurring.

I then contacted the witness, namely Alvin HP:91391826, who informed that earlier on, he was waiting forhis family at the vicinity when he saw a black colour car, likely to be a Toyota Vellfire, parking into the adjacent lot beside my car. The witness informed that the black Vellfire then collided into my front left bumper, causing the damage as a result. The witness also informed that the black Vellfire left in a hurry afterwards while also sustaining damages to his door. The witness could only remember the licence plate of the black car to be SGH3282.

I do not have any in-car camera installed in my car. I also wish to add that I went to enquire a workshop which managed to obtain the correct license plate of the black car from their system and it is SGH3282H.
