Circumstances of Accident

#carpark Moving & Parked SCN2857Y SLW9655M WSV20001069 Accident_Description White Car was parked already. I parked with tail in first. The White Car was on my left hand side. I heard proximity alert alarm of my car. My panel showed that my car was closed to the White Car. I stopped corrected position and parked in normally. I went out to check. I saw no scratches on the left hand side of my car. Photos of my car were taken by the Club on the next day. I then saw some DEEP scratches on the White Car front bumper on the right hand side. I decided that I did not collide with the White Car because if it was the case there is no reason why my car has no scratches. So I went to lunch without reporting.

Dear Sophie,
Well, my car has no scratches and no call from the car on my car.
I also thank that in person together with my car to your staff's work again. That he had taken about.
How about his car?
I would like to know why there is a gap between my car about on the scratches of his car. With the quite deep
I (100 0000 2000 0000 000000). There is no way that my car has no scratches at all.
I cannot stop him from taking a police report.
Perhaps we should let the PD do some thing and what should his car's scratches.
