Brief Details.

On 14/08/2019 at about 1635hrs, I was driving my car (Blue Toyota Corolla Altis, SMG1901C) along Ubi Avenue 2. As my vehicle passed A-Z Building, another car (Light green Toyota Corolla Altis, SGJ3945T) turned out from the exit of the building and hit my car on the rear-left bumper. The driver of the car did not stop his vehicle, but overtook me and drove off quickly.

I tailed the car till we reached Ubi Crescent, where traffic was heavy hence his car was unable to advance. I parked my car behind his vehicle and alighted. I walked to his car and gestured for him to come out of his car. I then walked back to my car to access the damages, only to realize that the driver had drove off with his car again. My passenger (Goh Joon Fock, S6832418A, HP: 82228202) managed to take down the vehicle number of the car.

I wish to state that the driver is a male Malay subject in his 30s. The incident was recorded in my in-car camera.
