<b>Brief details.</b>					

I was driving out from home, and I turned into the main road. I was driving on the first lane (the bus lane/slowest lane) and I noticed a X trail at the back of me- the driver was tailgating me, he was so close to my bumper that it triggered the rear motion camera to beep. I slowed down to 50km/h & he started to horn at me (for no apparent reason) he did not stop pressing his horn, I slowed down further to almost a stop at the turning of 6 Farrer Road and I turned in. The driver followed me in- still tailgating and horning at me. he drove and parked in the middle of the lane blocking the road- got out of the car and confronted me at the driver side window. I was alone and wasn't wearing a mask- as I was INSIDE my car. He was a big white guy and was holding something in his hand which I thought he was going to hit my front

window. I was afraid that he was going to smash the car window with the way he was approaching n yelling at me from the driver's side window and I saw him holding something (I thought it was a metal pole in his hand) , I immediately dialled 999 and as I was on the phone with the officer asking him to send a patrol down as I needed assistance. The officer told me he will get a patrol there for me. I sat in the car, and the white guy started to yell at me from my driver's side window asking me why I didn't signal when I made a turn into 6 Farrer Road. I told him he was tailgating me from the main road and he's being extremely aggressive and threatening. I asked him why he horned non stop and why did he continued to tailgate me into 6 Farrer road. I told him I called the police already and he said "Ok good, ill wait for the police to come." A white lady came out of the car and told me " why didn't you signal when you made a turn? do you know its illegal?" I responded and told her that they were tailgating me from the main road and asked why he had to horn non stop- for at least 1-2mins (NON STOP). IF they were going to drive so aggressively and threaten people like that, id rather turn into the side road and let this car pass me. I did not expect for him to follow me into 6 Farrer road, get out of the car, with something in his hand and start threatening me at my front driver's side window. I asked him for his driver's license and some identification and he did not want to give it to me. I told him I want to exchange particulars so I can make a police report. He said " No, I want to wait for the police to come".. I sat in my car for 15-20mins, I then saw that he reversed and proceeded to turn out to the main road. I like to put this on record of the incident that happened and I do not think that such threatening behaviour should be allowed on the road. I do not think tailgating is allowed either.

His license plate is:- SLP 8469C. It was a white caucasian man and white lady in the car. When he left, I called 999 again and told the officer that the driver drove off. Around 40mins later, I received a call back from an officer and explained to her what happened earlier. She advised me to make a police report in person or to file a report online. She gave me my report number E/20200626/0134

Brief Details:

I made a police report- with regards to this incident I had with this white caucasian man. Police Report No: -E/20200626/0134.. In the report ive detailed how I turned out of my house - Woollerton Park and into the main road, shortly after I noticed a Nissan tailgating me, to the point my car back sensor was triggered. The driver was probably less than 5-6 inches away from hitting the back of my car. I began to slow down thats when he started honking at me, still tailgating me- even though I was driving on the first lane (the bus lane), the slowest lane. I figured if he was in a hurry, he can easily switch lanes to a faster lane. The driver began to honk non stop at me for a good 2-3mins on the main road - and I was just driving slowly. I saw the very first turning on the left into 6 Farrer Park and I turned in there. He continued to tailgate me and was still honking at me (it did not stop). 6 Farrer Road- the road is a dead end into the HDB. I turned in and he blocked me and stopped at the back of my car so I couldn't move. The driver - this white caucasian man got out of the car, holding what looked like a steel pole in his hand and he charged towards my driver's side window. My very first thought was this person is going to bash my car window. I immediately took out my phone and called 999. I got the officer on the phone and told him what was happening as this white man continued yelling at my car window. The officer told me he'll send a patrol over right away as I explained i'm being threatened by this driver. I did not understand and see what valid reason there would be for someone to tailgate me on the main road, honk at me non stop and continued to follow me, get out of the car and threaten me physically. As I had the officer on the line on speaker, I wound down my window and told him I have the police on the way. He said " Good, I'll wait for the police to come. You turned into this road without signalling just now". I replied him " was there a reason you were tailgating and honking at me from the main road ,BEFORE I even made this turn? I would have never had to turn in if you weren't driving so aggressively, and now you're threatening me?" When he realised the police was on the phone he walked away and went back into

his car. He parked to the right side of the Y junction while I was on the left side. I waited for around 15-20 mins and I called 999 checking if the patrol was coming- as I wanted to leave without this person stalking me to my next location or threatening me while I'm driving on the road. The officer who picked up the phone said the patrol was on the way. I reversed my car back trying to make a 3 point turn, so my car would be facing the right side of the road, if this man tried to physically harm me, at least I could drive off. I told him to please move his car as I need to position my car properly (facing the right side of the road) and the patrol won't be able to come in if we are parked this way. He ignored me. As I was making the 3 point turn, the driver was in his car, he saw me reverse then accelerate forward. I saw him reverse his car (as I was making this 3 point turn) and I was accelerating forward- and he hit the side of my car bumper. The driver got out of car and started yelling at me - saying I hit his car. There was a white caucasian woman in the passenger seat - she got out and told me "you're crazy" I looked at them and told them - "im trying to make a 3 point turn so my car is facing the right side of the road, I told you to move and you ignored. I told him the police is coming & asked for his driver's license number, name and ID/FIN number and I'll exchange information with him first before the police comes" He replied "no why should I give you any of my information". Then walked back into his car. I sat back in my car and waited for the patrol to come. 10mins later, this caucasian man drove off-without saying anything to me about the damage to my car.
