Brief Details.

On 29/07/2020 at about 2335hrs, I was driving vehicle SGH3611S along Sembawang Road towards Canberra Road on lane 2 of 4 lanes. My vehicle was then stationary at the junction of Sembawang Road X Yishun Avenue 1 X Mandai Ave as the traffic light showed Red at the said junction. When the traffic light turns green, I then move off to go straight towards Canberra Road. Unfortunately, at this point of time, I realized a motorcycle bearing plate number FBP6358X from the opposite direction had made a sudden right turn into Mandai Avenue towards Mandai Road. As such the front right bumper of my vehicle had collided with the head of the motorcycle causing The rider and his pillion to flung out from the motorcycle they were on. Only the front right bumper of my car was damaged.

Traffic Police came shortly after and Ambulance was also activated to assess injuries to both the rider and his pillion. Subsequently, both were conveyed to KTPH however I am unsure of the severity of the injuries. Both rider and pillion were conscious as observed by myself. I was then issued with a case card and advised to lodge a traffic accident report as soon as possible.

I wish to state that I am not injured and does not require any medical attention. I was also unable to retrieve the particulars of the rider due to the severity of the accident. There were no in car camera installed on my vehicle. That is all.
