MODEL : **SUBARU XV 1.6 I-S AWD CVT**
ENGINE NO : **FB16YC00046**
REG DATE : **09 – DEC – 2017**

Based on Our assessment, we found severe damages to the front left hand chassis and slight damages to the front right hand chassis which leads to the safety of the vehicle being compromised. The entire front left portion of the vehicle being severely damaged with all front air bags deployed with all inner trim panels damaged due to all seatbelts jammed due to the airbags being deployed during the accident. We also suspect the engine to have damages due to the leakage of engine oil at the accident scene itself which eventually will lead to be beyond the economic cost of repair. We seek your assistance and endorsement to declare the above mentioned a constructive total loss vehicle.
