## Part Details:

On the above mentioned date, time and place, I was driving my vehicle along BKE towards SLE after Mandai Exit on the second lane from the left. Traffic was heavy at that point in time as it was peak hour. Suddenly, the taxi in front of my vehicle stopped abruptly. I managed to stop my vehicle in-time, however the vehicle behind me didn't, colliding into the rear of my vehicle. The impact caused my vehicle to surge forward colliding into the taxi in front of me. All three drivers came out and exchanged particulars, took photos of the accident, and left on our separate ways.

The following day, I felt some pain to my neck, arm and stomach areas. As such, went to seek medical treatment and was given 3 days outpatient MC. I do not have any in-car camera within my vehicle.
