DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

I was driving to work in an ordinary morning. After exiting AYE via Jin Boon Lay, I was trying to turn right at that crossing. There was a long lorry in front of me and the traffic light turned green. So I followed the lorry and drive to turn. However, the lorry is long, and the traffic light after the light turn may still be red (may turn green in a sec). So I am stuck to the crossing and the right side taxi, which tried to go straight start to horn me. To avoid blocking the traffic, I was trying to move to the lane on the right side, which is empty. However, due to the small space, I scratched the right back light of the lorry and my front left side of the car was also scratched. I took a few picture of the scene and then we drove to a place on Jin Boon Lay to settle. The other driver inspected the damage and ~~the~~ looked minor to him. He suggested we settle privately and said I could offer 100 SGD to him so he could change the cover of the light as the light bulbs are still fine. He also said since both of us are busy, it might be the most easiest way for this incident. He did not give any contact or take any picture of my insurance after I passed him 100 SGD cash and just drove away.
