Hi Asher,

Please proceed to reject.

However, before rejection, ensure that OI vehicle was signaling when turning left?

Is TPWS an ARC?

If yes, then they can't litigate.

If not, try to reject amicably without them taking further action to litigate the matter.

Reason being that under MAG 31(d), OI has to take on some apportionment, depending on if he signals or not, which may result in increased unnecessary litigation cost.

Thanks and Regards
