**Brief Details.**

On 07/09/2020 at about 1055hrs, I was riding my company bike "Winson Parking" bearing FBL9180S, along Lane 3 of Jln Bt Merah towards Queensway directions. I was thinking of something in my mind when I did not focus on riding. Suddenly I realize the vehicle in front of me bearing SMD4842K, had brake. I tried to brake but could not stop in time and my front tyre had hit onto the rear left portion of the bumper of the said vehicle. Subsequently both of us came down and exchange particulars and took some pictures of the damages. I then informed the accident to my Control Room and informed them that I will proceed to make a police report.

I wish to state that there is no camera installed on the motorbike. There is no damage on the motorbike as it was the tyre that hit the bumper. There was just a slight dent on the vehicle's rear left side of the bumper area. No one was injured at that point of time. That is all. I wish to lodge this report for record purpose.
