Also,

May refer to below comment from insured:

Dear MR Lee,

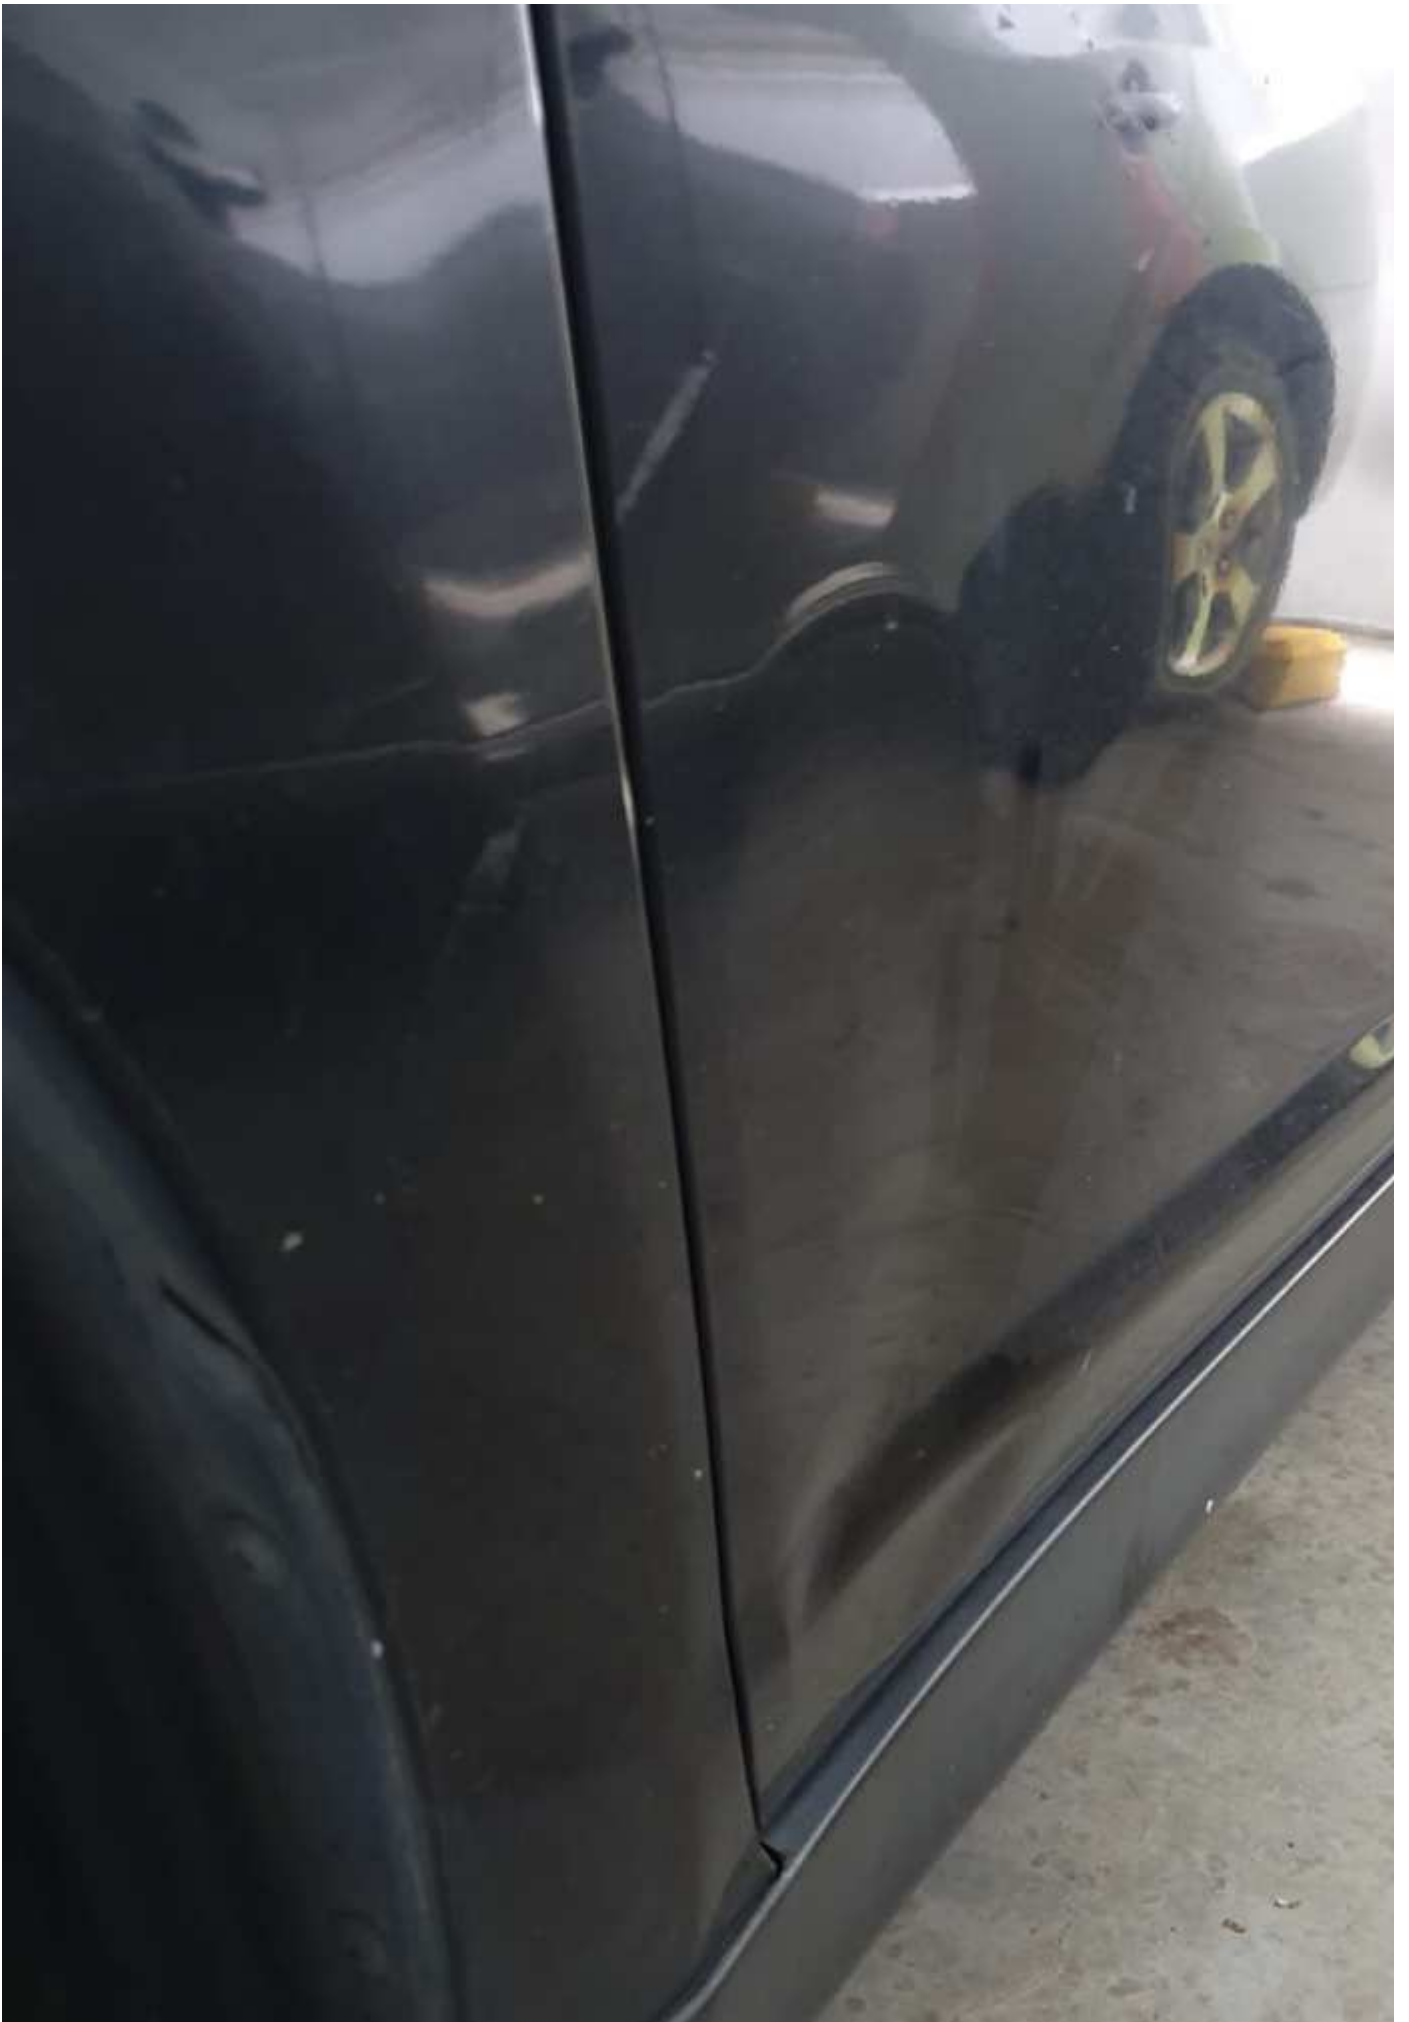

As mentioned to your colleague, I would like to feedback on suspect fraud.

SJM3829U is parked at the same parking building as my own vehicle. The bumper does not look like a new replacement and paint work not sure if it's at which area.

Below are the pictures sent to me by the car owner after the incident on the Actual damage. Pictures were provided by the owner after I had submitted my report.

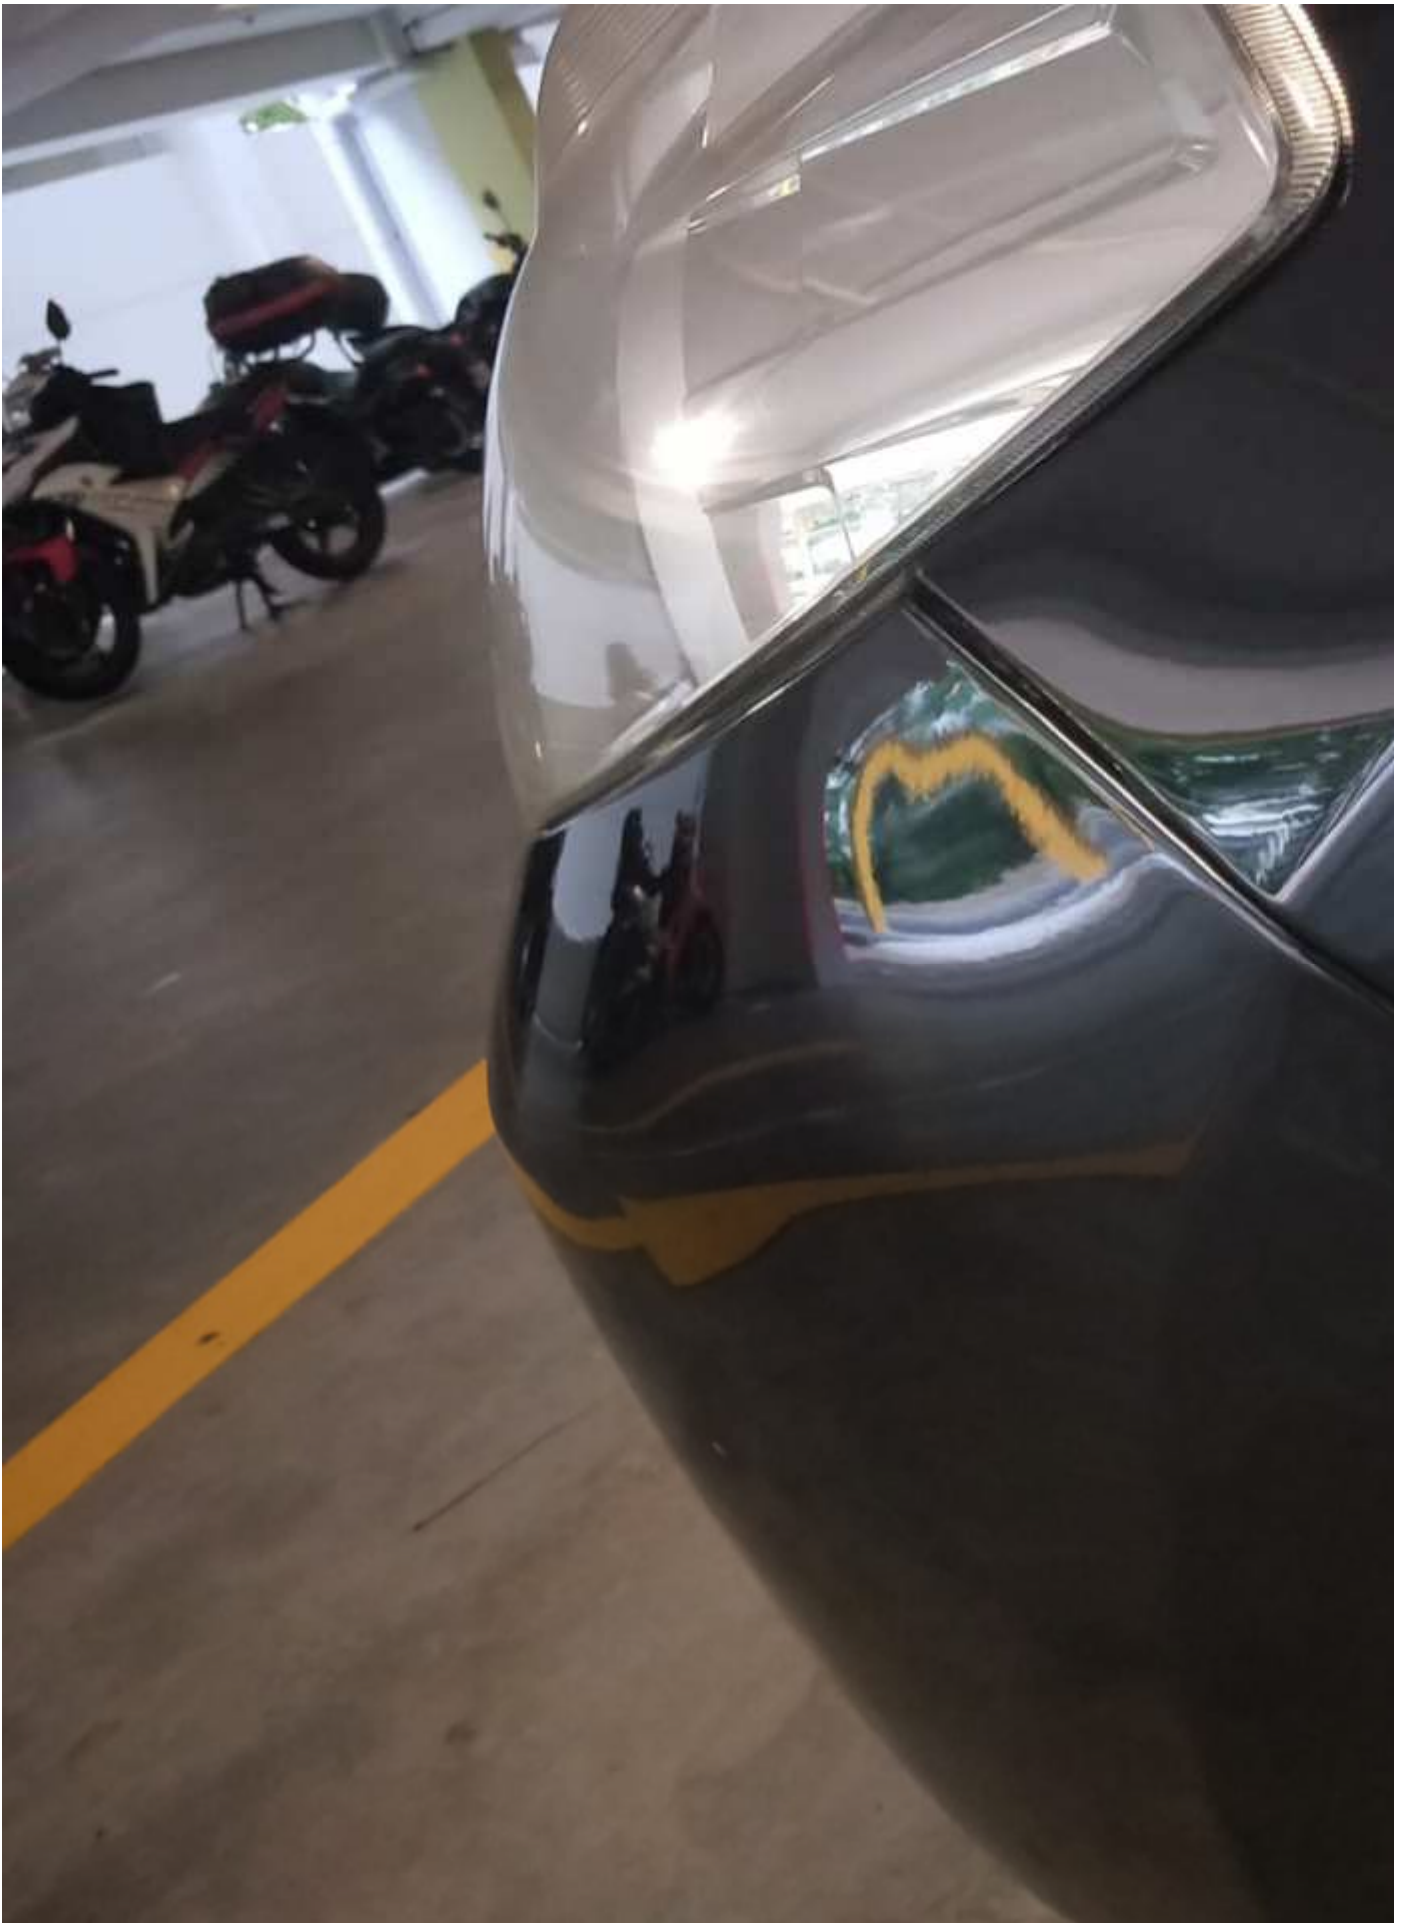

Below are the pictures of the current car, pictures taken last sat as my car just happen to park opposite his car when I was reading the letter. And this confuses me since I used to be a same model car owner and repair cost for such damages do not warrant over 6k. In addition, I often see this vehicle in the parking area, it's easy to request checks from the HDB parking entry records to Know if that car had been absent for 10days. Please update me on this.

Regardless of who is at fault, it is the responsibilities of the insurance co to verify. Payment should be made if it's true. But in this case, I am not sure and since I am not an expert in the claim process, I can only feedback if fraud is suspected.

Attached pictures for your reference. That car is park at car park Blk 8C Boon Keng Road (330008). Feel free to contact me and appreciate if you can feedback to me on the statues of review.
