Brief Details.

On 17/09/2020 at about 1650hrs, I was driving my company's vehicle, GBE7120R, along PIE towards Changi. I have a male colleague as a passenger and I exited the expressway at the Bt Batok Road exit. While I was along the slip road to enter Bt Batok Rd, there was a lot of vehicles. There was only one lane at that point of time.

While I was moving slowly, I felt an impact coming from the rear of my vehicle. I then stopped my vehicle and made a check. I discovered that a lorry, GBG8958Z, had collided with the rear of my vehicle. I also discovered that the lorry had collided with the right side of a car, SKZ1787P, before colliding with the rear of my vehicle.

My vehicle suffered a shattered right taillight. SKZ1787P suffered damages on the right side of the vehicle, including the right side mirror. GBG8958Z suffered damages on the left side of the front and also the front of the left side.

LTA officers were summoned to scene and I took photographs of the accident. No ambulance was summoned at that point of time. I exchanged contact numbers with the other two drivers.

After the accident, I felt that my right shoulder was aching while my passenger felt that his left leg was aching and his head hurts due to the impact of the accident. We both went to consult doctor and was given 3 days of MC each.
