CONTINUATION OF REPORT

Brief Details.

On the 11/09/2020 at around 2200hrs, I was working as a grab driver and picked up passengers at Changi Airport Jewel. At that point of time, the traffic was moderate and it was raining. I was about to go to the flyover towards PIE/TUAS and I was driving on the right lane as there are only two lanes. There was a S bend near the flyover and at the second curve, I turned and could have pressed the brake too hard.

My vehicle skidded and hit the right kerb and the car spin and hit the right side of the wall. My vehicle end position was facing against the flow of traffic. I was still conscious at that point of time but was in a shock state. My passengers were all conscious at that point of time as well. Me and my passengers get out of the vehicle and subsequently, ambulance came to my scene. I was then placed inside the ambulance and I overheard the medic that was talking to the traffic police.

The paramedic then give me a report number G/20200911/0242 and asked me to make a traffic accident report after I was discharged. I was conveyed to Changi General Hospital and admitted on the 12/09/2020. I was discharged on the 16/09/2020 and was on hospitalize leave until 18/09/2020. None of my passengers were convey to any ambulance.

I wish to state that I have already spoke to my IO Fitch from Traffic Police.
