Brief Details.

I am currently working as a Gojek driver. On 05/10/2020 at about 0942hrs, I was fetching a passenger (Hanin Hadirah, Gojek Trip No: RB256510-8560981) in my car (SML6548E) on Clementi Ave 6 from PIE towards AYE. I was driving on the rightmost lane of the 3 lanes when the vehicle in front of me suddenly lammed breaked for no reason. As such, I too did an emergency break so as to not collide with the vehicle in front of me. I managed to come to a stop in time but I felt a sudden impact from the rear of my vehicle. I stopped to make a check and realised that the long travelling behind me (GBJ226P) failed to stop in time thus the front of the long collided with the rear of my car. From my observation, the rear of my car is seriously damaged while the front of the long was slightly damaged. I am unsure of the cost of repair As a result from the impact of the collision, my passenger was conveyed to the hospital. I have yet to seek medical treatment as I do not fee unwell as of lodging this report. Traffic Police arrived at scene and provided me with a note which stated the incident number vide (D/20201005/0046) under IO Ivan (65476170).

I wish to state that my vehicle possess in car camera facing both the front and rear but I am unsure if footage of the accident was captured.
