Brief Details.

On 10/10/2020 at around 0011hrs, I was driving my vehicle registration number: SJL6393U along New Bridge Road. My vehicle was approaching the traffic junction in between New Bridge Road x Upper Pickering Street. I saw that the traffic light was green so I continued to drive through the traffic light junction. Suddenly, I saw a car, registration number: SLN7284K drive in front of me, from across the junction from the direction from Havelock Road side heading towards Upper Pickering Street. This caused my car to collide with the vehicle, but our vehicles were still within the traffic junction.

The airbags in my vehicle was deployed due to the impact and I blanked out for a moment. I was able to come out from my vehicle and tried to find the other driver to see if he is okay. Both of us talked outside our vehicles. I had asked if he required any medical assistance but he did not reply me. There was a police vehicle who was nearby who rendered assistance. Shortly after Traffic Police came down.

There is an in-car camera in my vehicle which was handed over to the Traffic Police. I wish to state that I am not injured at the moment. A case card was given to me by the Traffic police vide A/20201010/0004.

The damage to my vehicle is as follows:

- 1.) Scratches and dents on front hood
- 2.) Damage to the front registration plate
- 3.) Scratches and dents on front bumper
- 4.) Damage to the headlights
