**Brief Details.**

On 13/10/2020 at about 1558hrs, I was driving my Malaysia-registered car, JSE9098 and had stopped at the T-junction along Tampines St 21 towards Tampines Ave 4. My car was stationary first in line on the right turning lane as the traffic light was red. Suddenly, I felt an impact from the rear causing my car surge forward.

I alighted to check on the female driver but she is not injured. She claimed that she is rushing for time. Hence, she gave me her contact number and we left the scene. Due to the impact, the rear portion of the bumper to be dented and the exhaust to be slightly dislodge.

### What you need to know about Motor Insurance Liberalisation

#### Q: What is Motor Insurance Liberalisation?

A: Liberalisation takes effect from 1st July 2017. It will remove the tariff for comprehensive and third party fire and theft coverage. This will enable us to price risk differently and introduce a fairer way of determining the premium you pay for insurance.

#### Q: How does Liberalisation affect my motor insurance policy?

A: In a liberalised environment, you can manage your premiums by driving more safely. For example, adopting good driving behaviour, following traffic rules, maintaining your vehicle well and taking measures to prevent car theft.

#### Q: Will I still be entitled to my No Claims Discount (NCD)?

A: Of course! You will still enjoy your NCD as long as you keep driving safely and have not made any claims.
