### Brief details.

On 17/10/20 at about 1930hrs, I was driving along Lornie Highway towards Macritchie when suddenly I could smell burning smell coming from my car SLU5897T (white Honda Vezel). Then I saw smoke coming from out from my left dashboard. Immediately, I stopped at the road shoulder and got out of the car. As I was on the phone with my mechanic, I saw my car caught fire a bit then all of a sudden the fire became huge and the whole car was on fire. No one was injured and no other property damaged other than my car. I immediately called the fire brigade and shortly after they came and put out the fire. However my car was totaled and my personal belongings in the car were also torched. My insurance side was informed and they also came down and arrange for my car to be towed. I do not know what caused
