Hi Bennie,

We refer to the above matter.

Kindly refer to our insured video footage in Merimen. Based on OI video, third party was driving in front of OI vehicle, third party swerved into a service pouch on the left while OI continued to drive straight. Suddenly third party swerved right and collided with OI who was passing by third party lorry.

We are of the view that third party should exercise greater caution as he had moved to his left and he should check on his right before he swerved right.

In view of this, we are intending to reject third party claim.

Kindly let us have your comments/instruction.

Thanks.

Best Regards,
