Dear Sirs/Mdm,

**ACCIDENT INVOLVING SLV 9032R(AIG) AND GBD 8166H ON 21/10/2020**

We refer to the above matter.

We have reviewed on both parties' report and video footage, it shows that your client swerved into a service pouch on the left while our insured driver continued to drive straight. Suddenly your client swerved right without signal and collided with our insured. Furthermore, your client should not be turning right from a "go straight only" lane. (See below attached)

In view of this, we regret to inform you that we have our principal instruction to deny liability and unable to look into your client's claim.

Thanks.

*Note: This video footage is solely for investigation and shall not be reproduced. You undertake to preserve its confidentiality and will not disclose, provide or make available the video footage in whole or in part, to any third*

**\*Note: We are on work from home arrangement. All correspondence should be made via email. Submission of claim related documents will be in softcopy. Any inconvenience caused is much regretted.**
