Brief Details.

On 20 October 2020 at about 6:15pm, I was driving along Upper Bukit Timah Road in my vehicle: SCL24H, heading back home. I was driving my vehicle along the center lane of a 3-lane road. Subsequently, I stopped my vehicle at the traffic junction of Upper Bukit Timah Road and Cashew Road, towards Woodlands, behind of a vehicle. As I was waiting for the traffic light to turn green, I felt an impact from the back of my car, the impact then pushed my car forward, causing my car to collide on to the vehicle which was stopped in front of me. I realized that the vehicle which was approaching me from the rear, had hit onto me.

Subsequently, the drivers of the other vehicles, including me, got out of our vehicle and I exchanged my particulars with the owner of the vehicle which collided from the rear. After checking that no one was injured, we left for our separate ways.

I wish to state that I do have in-car camera, however it does not show the rear view of my vehicle
