Brief Details.

I was travelling along Tampines Ave 1, when suddenly a vehicle bearing car plate number of SMQ3550R swerved into my lane and collided with my side tyre rim which caused me to make an emergency brake. I felt the impact on my car being hit by SMQ3550R. The driver failed to stop and just continue to go on. I horned the driver but to no avail. I followed the car to a carpark at Tampines blk 891. I alighted from my vehicle, when the driver finally stopped. I questioned him if he knew that he caused the accident and he replied that he was doing something and hence didn't notice about the accident. I asked the driver for his license as I found my tyre rim damaged, but the driver refused. He tried to argue his case and I didn't want to listen to his argument. I told him that everything was recorded on the camera and I just need him to furnish me with his particulars. The driver refused and drove off as though nothing happened, even when I told him that I will report the case to the police. After he drove off, I called 999 for assistance and TP police came and took my SD card. I also went to the clinic and was given 2 days mc.
