**Brief Details.**

On the above-mentioned date, time and location, I was driving V1 and was stationary at a traffic light which was red. I was the third vehicle on the 2nd lane of a 3 lane road. I was stationary for about 5 seconds when V2 suddenly collided into the rear of my vehicle. We then alighted from the vehicle and exchanged particulars.

The damages to my vehicle is a dented and broken rear bumper. I do not know the estimated cost of repairs. No Police or Ambulance were at scene. I have on-board camera pointed to the front of my vehicle and it was recording.

V1: SHD419K

V2: SLD1922U
