DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

Happened at Thomson Road, traffic light right outside St. Joseph Institution International.
 Traffic light turned amber and I slowed down and came to a stop at the traffic light as it turned red.
 At my rear view mirror, I saw a speeding ambulance and I couldn't do anything as my vehicle was already at a stop.
 The ambulance saw my vehicle too late and tried to swerve away but it was too late to avoid and hence, ~~was~~ tracking into the rear end at the right side of my car.
 Due to his speed, the impact was ~~not~~ relatively hard, smashing the right rear end of my car, as well as puncturing the right rear tyre.

Report No. T/20201113/2062

CONTINUATION OF REPORT

Brief Details.

On 12/11/2020 at 1615hrs, I (SGV5325G) was driving along Thomson Road and as I was approaching a traffic light and the light was changing from green to red, I slowed down my vehicle and eventually came to a stop. However, an ambulance (SKL1004P) came up from behind and hit onto the rear of my vehicle.

Afterwards, I moved my vehicle to the left side of the lane and alighted to check for damages whereas the ambulance stayed at the same location. The damages to my vehicle are dents and scratches to my vehicle's right rear bumper, punctured right rear tire and broken right rear light. The damages to the ambulance are scratches and dents to the front left bumper and a dislodged front panel. We then exchanged particulars and parted ways.

At that point of time, I had one passenger with me in my vehicle and the other party had 2 passengers in his vehicle. There was no patient in the vehicle. The siren and blinker of the ambulance was not on as well. The ambulance is from Lentor.

However, when we were at the scene, the other party handed his phone over to me and I spoke to an unknown subject. He enquired if I wished to settle the matter privately and he informed me that I will have to go down to a workshop of their choice and pay for the cost of repair myself, to which I disagreed as I am not the one at fault.

On 13/11/2020 at about 1122hrs, I received another call from an unknown female subject who claimed to be from Lentor ambulance and asked again if I want to bring my vehicle to their workshop and pay for the damages. They claimed that I was the one who changed lane which resulted in the accident. However, my car was stationary when the incident happened.

Therefore, I am lodging this report for recording purposes. Nobody was injured and no police attended to us.
