Hi Hsiao Tong,

We understand your viewpoint that both drivers' report might not be exactly identical. However, there seem to be some similarities and consistencies in both drivers' reports, whereby

1. on both sketch plan by both drivers, our client's vehicle was on the front of your client's vehicle, and
2. the damage on our client's vehicle is on the rear portion and the damage on your client's vehicle should be on the front side (as indicated on your client's sketch ).

Understanding from this situation whereby our client is on the front and your client was behind us, the accident could have been a result from your client's failure to keep a good following distance and/or travelling too fast, thus being unable to stop in time to avoid an accident.

As such, for the sake of an amicable settlement, we are counter proposing as follows:

Cost of Repair (amount as proposed by SJE) : \$7,200.00

Cost of Rental :\$ 3,060.00

\$10,260.00

At 90% : \$ 9,234.00

LTA Search : \$ 7.45

**Total:**

**: \$9,241.45**

We seek your kindest assistance in letting us know whether your kind office is agreeable to the above within the next 7 days and we look forward to you forwarding us the DV (without prejudice to any personal injury claims), if required, so that we can expedite on its return for an amicable settlement to the matter.

Please be assured that we are only seeking an amicable settlement on this matter.

Thank you and we hope to hear from you soonest.
