CONTINUATION OF REPORT

Brief Details.

On 05/12/2020 at 2030hrs, I was travelling on a roundabout at Newton Circus at about 40km/hr when a vehicle FW5195X knocked into the middle of my bike. I then fell on my right and sustained scratches on my right elbow, left knee and a swollen right knee. I got a MC for 2 days from 06/12/2020 to 07/12/2020. I observed several scratches on the other rider. I was riding my bike JTG4897 and the other rider was riding his bike FW5195X. We both exchanged particulars and we left the scene subsequently with the intention to settle privately. However, today 06/12/2020 both of us went to the workshop with the and found out that the cost was too much and we both agreed to lodge a traffic police report to report on this case. I am not sure of his bike's damage, but my bike sustained a uneven handlebar, several scratches on the right side of the bike. I do not recall if there were any camera pointing to the accident site or any lamppost number.
