Dear Mr Lim

We have look through both parties video.

We notice that you did high beam to caution him but still continue driving. Third party was also in low speed and trying to move back to the side.

We refer to the scene photo, there was no dotted line in this carpark.

For this scenario, We are of the view that both vehicles should exercise caution. Therefore, we propose to resolved at equal liability. We will proceed to negotiate for an amicable settlement with third party claimant.

If you are strongly against our offer / settlement. Kindly let us have them in writing within the next **7 days** i.e. by **12/01/2021**. We will then seek instructions from our Principal and revert to you.

Thank you.

Does this mean both parties will hv their ncd affected? Coz the video did show that the opposite driver did make a very wide turn n didnt adjust back as the carpark drive way isnt big.
