We refer to your below email.

Dear Ms Chew

We refer to your below email. From the video sent, we agree that the van GBD1879E did a right turn, but however, the photo is shown before the accident and we strongly think that the taxi got sufficient time to prevent the accident. When the van driver alighted from the van to inspect the accident, the van had already completed the turn fully into Choa Chu Kang North 5.

We enclose the GIA report to further proves our above stand.

We appreciate it if you can reconsider this case to allow our client to proceed with the claim.

Dear Sirs/Mdm,

ACCIDENT INVOLVING SHA 4011S(III) AND GBD 1879E ON 25/11/2020

We refer to the above matter.

Attached is a copy of our insured accident report and video screenshot for your easy reference. Our insured was driving straight with traffic light green in his favour, your client was making a right turn should exercise caution. We are of the view that our insure driver is not liable for the accident.

In view of the above, we regret to inform you that we have our principal instruction to deny liability and unable to look into your client's matter.

Thanks.
