Sketch Plan

Describe Circumstances of the Accident

I was driving along the spiral ramp towards the multi storey carpark at Capenew along Upper Serangoon View at around 9.09 pm on 8 January 2021. While I was travelling up the spiral ramp, I saw a vehicle's headlight shine and the vehicle coming down at a relatively fast pace. I was alerted to stop immediately but the vehicle tried to pass me without slowing down or stopping at all and hence it collided into the right side of my car back door and scrapped against the car. The damage on my vehicle includes the right back door and right side of the rear bumper. The damage on the other vehicle includes its right headlight, right side of the front bumper and front of car body. Attached are the videos of this accident from my car recording camera which includes both the front and back camera.

Declaration

I/We declare the foregoing particulars are true in every respect.
