Brief Details.

On the 08/01/2021 at about 0730hrs, I was heading to work along KJE towards Tuas before Woodlands Exit in my car (JNW890), it was drizzling at the moment and the road was wet. I was travelling on Lane 1 and since it was heavy traffic, I did not drive fast as it was quite a start and stop kind of drive. Subsequently, after I braked to avoid colliding with the car in front which then I heard a thud sound coming from the back of my car and I realized that the car behind me (SLZ5769D) had collided with my rear.

The other party's car was badly damaged and my car was slightly damaged however, upon checking further, I realized that my car was damaged more than I thought. Hence, we exchanged particulars and moved off from there. No one was injured due to the collision and no police attended to the scene.

I wish to inform that I do not have an in car camera in my car. I am lodging this report for insurance claims purposes. In addition I wish to add that on the 09/01/2021 I went to seek for medical assistance at Jireh Family Clinic and the doctor diagnosed me to sustain neck and muscle strain. The doctor also gave me 03 days of MC (09/01/2021 - 11/01/2021).
