**DESCRIBE CIRCUMSTANCES OF THE ACCIDENT**

On 05/01/2021, 7:35 am, the weather condition was clear, the road surface was dry. I was travelling along Pinner of water, on a 2-way road with single lane on each way.

There were many stationary cars parked along my side of the road, which caused the road to be narrow. For emergency car (Car C) from the opposite side of the road, moving out of its parked position, travelling towards my direction. Given that there were many stationary cars parked along my side of the road that caused the road to be narrow, I had to give way to Car C to pass.

So I checked behind for blind spots and space allowance twice to ensure and confirm that it was safe for reversing and there was more than sufficient space allowance to accommodate my car.

Before reversing, there was a car, which was the other party car (Car B), more than a car length away from the back of my car.

Just as I was reversing half way, I heard a bang sound! Car B had banged against the rear right side of my car.

The driver of Car B claimed that she thought my car was moving forward and hence, she followed closely behind.
