Brief Details.

On the stated time and date,  
I was driving my father's car (SLL3962Z) on lane 4 along Pasir Ris Industrial Drive 1. I was feeling sleepy and close my eyes for 2 seconds. Suddenly, I felt an great impact and realized that I had collided onto lamp post 227, causing it to fall. As this is the first time such serious accidents happened to me and I did not know how to react, I called my dad and informed him about the situation and my location. I wanted to call for the police but unfortunately, my hand phone battery went flat after booking a grab car. I then went home intending to take a portable charger and come down with my dad. When I reached home, I realised my dad was already at the accident scene. As I was feeling shocked and nausea after the accident, I decided to rest at home and my dad assisted me to handle the process of towing the car to workshop. My dad told me that there was 2 Malay traffic police officers attending to him, as he was also feeling nervous and shocked, he was unsure about what he conversed to the officers as his English was not so good. We are lodging this report as per instructed by IO Wei li 65476394.
