Brief Details.

On the above mentioned date, time and location I was driving my car SLH 5262T along Still Road South towards ECP. I was driving on the second lane. As I was reaching the junction of Marine Parade, I notice that there is road works at the traffic light junction of the said location. I notice there is a red Mercedes Benz (SBP96R) was on the first lane stationary. The said car was inching out to the lane that I am in suddenly. The car had hit onto the right side of my car.

As such I move my car more to the left. The said car then drove off. I tried to signalled him to stop but he said car just drove off. When I tried to follow the said car, the said car then drove faster and disappeared from my view. However, my passenger managed to assist me to help to take the photo of the said car plate number.
