**Sketch Plan**

**Describe Circumstances of the Accident**

ARRIVED AT GOODWILL COURT CARPARK LOT "27" OUTSIDE "FRESH N MARINE" at 21:15 on 14 Feb 2021. Parked adjacent to ES9000G to the left of SMT9177E. No other adjacent lots. Left the vehicle parked until returning at 22:27 on 14 Feb 2021.

Upon returning to vehicle SMT9177E, ES9000G had disappeared.

Upon arriving home, discovered "G-Sensor" triggered video capture. Time-Stamped video for 22:23 on 14 Feb 2021 indicates a knock by ES9000G on its driver/passengers into SMT9177E.

SMT9177E was unoccupied at the time of impact. Inspection of the vehicle body revealed a scratch and chipped paint on the rear left passenger door of SMT9177E.

A time delta of less than 40-minutes between the impact triggered video recording and the discovery of the damage to the left rear passenger door. No other impact or incident between these times.

No attempt to communicate by the driver/passenger of ES9000G. The identity of the driver/passenger is unknown to me.

**Declaration**

We declare the foregoing particulars are true in every respect.

Brief Details.

All events below occurred on 2021-02-14

SMT9177E was parked at Goodwill Court Carpark immediately outside "Fresh N Marine", along the kerb, lot "27". There is only 1 adjacent lot in the immediate vicinity of lot "27".

At 21:15, I parked SMT9177E alongside ES9000G which was parked in the adjacent lot, slightly outside their parking boundary. The left (passenger) side of SMT9177E was parked alongside the right (driver) side of ES9000G. I parked and disembarked the vehicle between 21:15 and 21:17 and proceeded to a nearby TCM shop. In-Car driving video of my arrival/parking captures license plate ES9000G.

I returned to the vehicle SMT9177E at 22:27. The camera's in SMT9177E do not record continuously while parked but are activated by a "G-Sensor".

At 22:23 the "G-Sensor" parking camera was triggered capturing the departure of adjacent car.

I returned to the car at a 22:27 and departed the location. By 22:27 there was no car parked adjacent to SMT9177E. The camera provides a voice alert while I was driving to notify of "events recorded during parking". As I live nearby I returned home before inspecting the car. I found chipped paint and a scratch on the rear left passenger door of SMT9177E.

I was not involved in any other collision and that day SMT9177E was only parked at the above location and at my home (closed, gated carpark). As the car is new I inspect it almost daily for damage or whenever the camera is triggered. I am certain the damage occurred around the times stated above and have strong reason to suspect a driver or passenger of

**CONTINUATION OF REPORT**

ES9000G caused the damage to SMT9177E.

I have attempted to contact Secure Parking Singapore Pte Ltd to obtain CCTV from Goodwill Court's private parking lot and was directed to file a police report. The accident reporting centre advised the same in order to obtain the CCTV footage in addition to the front and rear camera views recorded automatically by the in-vehicle sensors of SMT9177E.
