Dear IO Hui Min

The quote provided in my email dated 07 Oct remains. There is no expiry to this quote.

We will do a static inspection first and if any abnormality found, we will advise further steps/actions for your consideration.

Dear Sir,

I refer to the quotation you provided on 07/10/2020. May I check the quote valid period for the mentioned quotation?

2. Additionally, I am unable to allow your technician to test drive the vehicle. Therefore, I would like the inspection to be based solely on static tests and observation.
3. Feel free to contact me for further queries.
4. Thank you.

Best regards,

Subject: RE: Vehicle inspection - D/20200812/0100

Dear IO Hui Min

I refer to your email below.

We can carry out a mechanical inspection of the subject vehicle to check whether there is any abnormality to its steering system and braking system, tyre condition etc. We will also carry out a short drive within your car park to check on the operating condition of its steering system and braking system. The test drive is subject to the physical condition of the vehicle like for example if there are severe damage that render the vehicle non-driveable, then the inspection will be based solely on static tests and observations. Thereafter, we will put up a written report with photos of our findings for your follow up.

Our fees for such inspection is \$550/- excluding gst.

Best Regards,

Bryan Ang
