CIRCUMSTANCES OF ACCIDENT

Accident at Jalan Awang turning left to Jalan Eunios
 Accident Date & Time: 12/02/2020 11:30AM
 Toyota Estima: SDP6868S Volkswagen Sharon: SLG1119G

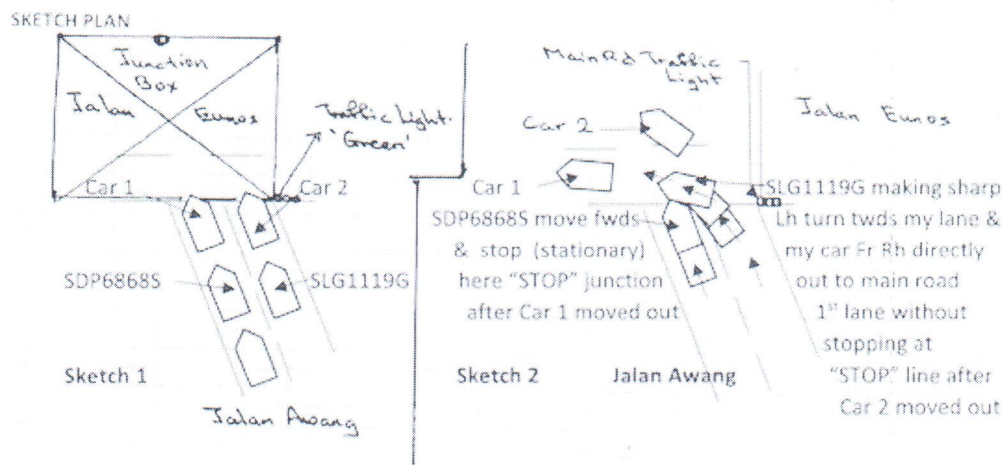

I was turning in from Lorong Salleh into Jalan Awang at around 11:30AM.

There were two lanes on Jalan Awang turning out to the main road along Jalan Eunios where there were 4 lanes. I decided to take the left lane and queue behind multiple cars. After moving up the queue, I became the first car on the left lane before turning into the main road. I stopped before the stop line and patiently waited for my turn as it was a busy day being the first day of Chinese New Year.

At the stop line, I checked my right side to look out for incoming traffic. At the same time, I saw SLG1119G slowly advancing forward (sharp left turn towards 1st lane) as there was no room for him to cut out into the 2nd lane of the main road, Jalan Eunios. At this point of time, my vision was blocked by his vehicle due to my vehicle being on the left lane and the other party's vehicle (SLG1119G) slowly advancing forward. I decided to be patient and wait for the traffic light along the main road turn "Red" and on my favour as I was unable to see the incoming traffic.

SLG1119G proceeded to advance forward and paying attention to the incoming traffic of the main road on his right side and paid no attention to his blind spots on his left where my car was and bang into the right side of my car, causing my right side mirror to turn outwards and multiple scratches and scuffs to the side of my car as well.
