Brief Details.

On 3/2/2021 at around 1320hrs, I was driving my Malaysian vehicle bearing Malaysian plate number (JMN5949) along Mackenzie Road towards Bukit Timah Road. I stopped at the junction before turning left onto Bukit Timah Road, after I stopped my vehicle I felt a huge impact. I then came down of my vehicle, and saw that another car bearing plate number (SJQ5152D) hit onto the rear of my vehicle.

The driver of the other vehicle approached me and asked me if I'm fine. We then exchanged particulars, we then came to an agreement to settle via insurance. I then left shortly after and drove to the nearby workshop.

I wish to state that due to the impact, I suffered pain on my neck area. I will be going to see the doctor after lodging this report.

I wish to state that there were no police or ambulance that attended to us.

I am lodging this report as I will be filing this report to my insurance.

Details of the damages to my vehicles as follows:

Right rear bumper dislodged
Rear right tail light damaged
Suspension damaged
