Brief Details.

On the 19.02.2021 at about 5.55pm, I was riding my bicycle along Telok Blangah Road moving towards the direction of Pasir Panjang Road. I was travelling on the extreme left lane. At the junction of Telok Blangah Road and Alexandra Road, the traffic light turned red and I stopped. There was no vehicle in front of me and at that time my bicycle was position slightly more to the left from the middle of the lane.

The traffic light turned green and I moved off. Before I could pedal off, I felt an impact from my rear left and lost my balance. I however managed to step my feet on the ground and did not fall. The incident caught me by surprised and I looked back and saw a van behind. As the traffic was building up at that time, I signaled the driver to enter Labrador Villa Road. Both of us stopped at the and the driver came to me. The driver produced to me his NRIC and told me to get the damages accessed.

I wish to state that there were visible damages to my wheel and frame. At the time of the incident, I was visible to the traffic and had bright coloured gearing and also my bicycle light was switched on. I am lodging this report for record purposes.
