CIRCUMSTANCES OF ACCIDENT

I was driving along Seletar West Link toward Yishun Dam. I was on the second lane of the road and was preparing to filter left to the first lane as I wanted to exit on Yishun Ave 1. In front of me was a commercial lorry GBD9814P who was driving on lane 1. While filter left

the lorry slowed down and I could not react in time. As a result

the left side of my bump collided with the right back corner of the lorry in a slow speed collision. After collision

both vehicle drove 2 to 3m forward at the left side of the road. I checked my rear passengers and confirmed they did not suffer any injury from the slow speed collision. I came out of the vehicle and checked on the GBD9814P driver. The lorry driver Arumugam Selvakumar also alighted from his vehicle to check on me. I asked Selvakumar if he was fine from the collision and said yes

he is fine. There was no other passenger on Selva's lorry. After confirming there was no personal injury

we decided there was no need to call an ambulance and proceed to inspect the vehicle. After taking photos of the accident site

I asked Selva if there was damage on his lorry or goods and he said no. This was because the collision occurred on the right back corner of the lorry where there was a slight protruding metal piece that my bumper had caught on. We subsequently took photos to prove that the lorry was fine and goods were intact. At this time

a third vehicle stopped and driver Leonard came out. He asked if there was any injury and both Selvakumar and I replied no. After exchange our contacts for future correspondences

Leonard offered to drive my rear passengers back while I wait for my vehicle to be towed. After Leonard left

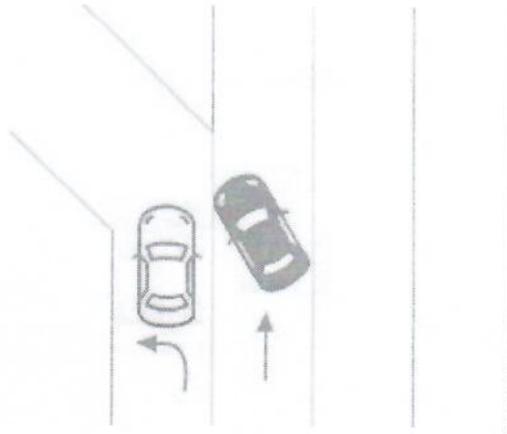

Selva drove off shortly to continue delivering his goods.
