Dear Derrick,

According to our surveyor, after reviewed the insured reports and photos of the damages.

In his opinion, the front LH portion damaged was due to the first accident which on 06/03/2021. And the front RH portion at the front bumper was related to second accident which on 07/03/2021.

Aside to this, after the first accident, pro long driving of the vehicle is not advisable as the transmission oil cooler and LH headlamp were damaged.

These are our surveyor's points of view for your consideration.

Best Regards,

Shiau Chan (Ms) | Case Handler
