YQ1895S vs PC3151Y_TP VIDEO(Prior collision).mp4;

Hi Aida,

Third party rejected our offer at 50/50 and insisted that BOLA 33 is applicable.

Attached is a copy of the video from third party prior to collision. Third party said that this video shows that their client was travelling straight and not parked and moved off as claimed by our insured. Third party insisted that insured should not overtake from the right against the flow of traffic.

We have checked with third party for continuous video, but they said that this is the only video footage extracted out.

In view of this, kindly let us have your further instruction. Thanks.

Note: We are on work from home arrangement. All correspondence should be made via email. Submission of claim related documents will be in softcopy. Any inconvenience caused is much regretted.

Hi HT,

If there is no longer video, we should offer 50% coz OID reported TP veh was parked before moving off.

Hi Aida,

Attached is a copy of video submitted by third party for your easy reference. Only this video, no longer video.

We are of the view that liability is not in our driver's favour as he was overtaking third party from the right against the flow of traffic while third party was making a right turn.

Kindly let us have your mandate on liability via Merimen. Thanks.
