2ND REMINDER

Dear Norsiah,

We refer to the above matter.

We are in the opinion that OID travelling within own lane, TPD travelling on the left hand lane(lane for straight or left turn only) making a right turn, therefore collided onto OIV.

In view of above, kindly let us have your instruction/approval to reject TP claim.

Thanks

Kindly note that this negotiation between parties on this matter is purely on a without prejudice basis with the sole intention of resolving the matter amicably without parties resorting to legal proceedings. No admission of liability, whatsoever, should be deemed / inferred from this negotiation of terms/settlement.

In the event of new evidence being discovered or subsequently produced by either party that will materially affect/influence on the issues of liability/damages, either party is not bound, thereafter, by the negotiation terms/settlement.

Best Regards,

Below is a copy of Our Insured report and video for your easy reference. Based on the video footage, our insured traveling on first lane which is the drive straight or right turn only lane and your client is traveling on the second lane which is the drive straight or left turn on lane. However, your client make a right turn on a left turn or straight only lane. Thus, collided onto our insured vehicle

In view of above, we have our principal's instruction to deny liability and not able to look into this matter.
