

SKETCH PLAN

DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

I was driving in lane 3 along Clementi road around 7.45 am towards AYE. When I was about 50m near to the filter into the AYE, vehicle SMP 3350 G who was driving in lane 2 signal left, indicating she wish to change into my lane. I slowed down to allow her to change lane and be in front of me. When she successfully cut into my lane, I observe her brake light was on and I further slowed down to maintain a safe safety distance from her car. Not long after I applied brake to decelerate further, SMP 3350 G came to abrupt halt as the driver applied emergency brake. I immediately depress the brake fully but my vehicle wasn't able to come to complete halt and end up contacting vehicle SMP 3350 G rear brake bumper.
