SBS6811M - rear portion (POI)

When I was resting in BND, OCC called me to inform that the GAS bus SBS6520C svc 3 LH view mirror had hit my bus rear at the egress of TMI on that day. I was not aware of it at that time. According to OCC, the svc 3 BC forgot to pull his handbrake & as a result its LH view mirror had hit my bus rear which I checked there was no visible damage. At that time, I was informed by the 3P. No injury. That's all.
